This administrative regulation establishes the responsibilities for an allied animal health professional (AAHP) licensee and limitations on the allowable scope of work on animals patients.

(b) The necessity of this administrative regulation:

This administrative regulation is necessary to communicate clear requirements regarding limitations on scope of practice on animal patients and the duties of AAHP licensees.

(c) How this administrative regulation conforms to the content of the authorizing statutes:

KRS 321.175(2)(c), (4) and (5) establish that the intent of the Kentucky Veterinary Medicine Practice Act is to regulate the professions of veterinary medicine, including the work of authorized allied animal health professionals. KRS 321.181(1)-(4) define key AAHP terminology. KRS 321.235(1)(a)-(c) and (2)(b)2 require the board to ensure the competence of credential holders and to administer credentialing programs to ensure competency to practice and to protect the public. This administrative regulation will assist in effective administration by clearly expressing what requirements have been established by the board. KRS 321.253 requires AAHP providers to maintain and renew a license to provide AAHP services in the Commonwealth.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes:

This administrative regulation will assist in effective administration by clearly expressing the responsibilities and limitations for AAHP provider licensees as established by the board.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation:

This amendment updates the administrative regulation for conformity with Acts Chapter 87; changes the “permit” to a “license”; and defines limitations and responsibilities for the added AAHP equine dental providers (EDPs); places limitations on EDP students who are learning to practice, including who may supervise these students and required registration with the board.

(b) The necessity of the amendment to this administrative regulation:

This amendment is necessary to establish conformity with Acts Chapter 87 and to define limitations and responsibilities for the added AAHP EDP applicants.

(c) How the amendment conforms to the content of the authorizing statutes:

KRS 321.175(2)(c) states the intent of KRS Chapter 321 is to regulate the professions of veterinary medicine, including work done by authorized allied animal health professional (AAHP) providers. KRS 321.175(4) states that regulation is necessary to protect the public and animals of the commonwealth. KRS 321.175(5) states that KRS Chapter 321 shall fully occupy the field of AAHP provider work on animals to be enforced by the Board. KRS 321.181(1)-(4) defines key terms related to AAHP providers. KRS 321.235(1)(a)-(c) requires the board to implement and enforce the chapter and to promulgate administrative regulations to do so. KRS 321.235(2)(b)2 allows the Board to establish minimum requirements for AAHP licensees. KRS 321.251 defines the allowable AAHP professions, including equine dental providers, and requires licensure by the Board. KRS 321.253 requires AAHP providers to maintain and renew a license to provide AAHP services in the Commonwealth.

(d) How the amendment will assist in the effective administration of the statutes:

This amendment will assist in effective administration by clearly expressing the responsibilities and limitations for AAHP provider licensees as established by the board.

(3) Does this administrative regulation or amendment implement legislation from the previous five years? This administration implements legislation by the General Assembly in Acts Chapter 95 in 2023 and Acts Chapter 87 in 2025.

(4) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation:

Future applicants to the board for an AAHP license. The board anticipates receiving approximately 45 initial applications for this credential under the new laws, and one-two (1-2) annually in future years.

(5) Provide an analysis of how the entities identified in question (4) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (4) will have to take to comply with this administrative regulation or amendment:

Licensees will be required to work within a limited scope of practice as established by the General Assembly and the board, and must also be responsible for creating appropriate medical records to document services provided to animal patients and clients in Kentucky. Further, any EDP who wishes to train students will need to register those students with the Board and operate within the boundaries as established in the regulation.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (4):

No costs are associated with compliance, as this administrative regulation simply establishes the duties and limitations on AAHP permittees as approved by the board.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (4):

Administrative ease of clear communications of the limited scope of practice and responsibilities for AAHP permittees, and limitations and requirements for EDP students and their authorized supervisors.

(6) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: Enforcement of this regulation will be accomplished using current funding.

(b) On a continuing basis: The KBVE expects that, on an ongoing basis, the agency will enforce the provisions of this regulation using the current funding available to the agency.

(7) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation or this amendment: KBVE does not receive any general funds. All funds for the agency come from application fees, service fees, and administrative fines.

(8) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: There is no anticipation of an increase in fees to implement this administrative regulation, as the KBVE is already running an administrative program to process applications and an enforcement program to ensure compliance.

(9) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This regulation does not establish or increase any fees, directly or indirectly.

(10) TIERING: Is tiering applied? Tiering is not applied because this administrative regulation applies to all AAHP licensees.

SUMMARY OF MATERIAL INCORPORATED BY REFERENCE

(1) “Registration for Supervision of EDP Students”, 08/2025, is the 3-page registration form that students of an AAHP EDP licensee are required to file before engaging in the unlicensed practice of an equine dental provider as they begin to learn the EDP discipline on their pathway to licensure. This form registers each student and their supervisors with the board so the board can ensure EDP students are operating within the limitations established by the board and the General Assembly. KRS 321.251 provides the board authority to establish administrative regulation procedures to license candidates as AAHP providers. KRS 321.235(2)(b)2 allows the Board to establish minimum requirements for AAHP licensees. KRS 321.175(2)(c), (4) and (5) establish that the intent of the Kentucky Veterinary Medicine Practice Act is to regulate the professions of veterinary medicine, including the work of authorized allied animal health professionals. KRS 321.235(1)(a)-(c) and (2)(b)2 require the board to ensure the competence of credential holders and to administer credentialing programs to ensure competency to practice and to protect the public. KRS 321.251 defines the allowable AAHP professions, including equine dental providers, and required licensure by the Board. This is a new form.
